Artistic interventions in organizations are conducted with high expectations of a multitude of positive outcomes. Research has not kept pace with these developments in practice. Very few empirical studies have been conducted to establish whether the high hopes placed on these interventions are justified. The WZB established a

TRANSFORMING ORGANISATIONS WITH THE ARTS.

Research Grants in the Arts support research that investigates the value and/or impact of the arts, either as individual components of the U.S. arts ecology or as they interact with each other and/or with other domains of American life.

Artistic Interventions in Organizations - Ulla Johansson ...

Why should you give special consideration to an “artistic intervention”? This is an unconventional approach where people from the arts bring their talents, skills and tools into an organization with the purpose of triggering or supporting change for the individual, group, or whole organization.

**ARTISTIC Interventions | Enriching Organizations through
Management**

Artistic interventions can last for hours, days, or months and are used to address various kinds of issues in organizations. For example, they can be focused on developing skills (e.g., leadership, communication), improving working relations within and between units, or generating ideas for new services, products or processes.

Artistic Research - ASCA - University of Amsterdam

Participatory action research (PAR) has emerged in recent years as a significant methodology for intervention, development and change within groups and communities. It is now promoted and implemented by many international development agencies and university programs, as well as countless local community organizations around the world.
