Australian Popular Culture Australian Cultural
The ascendance of Australian popular culture. The end of World War II marked the emergence of an increasingly distinctive Australian popular culture. The arrival and presence of over 100,000 U.S. troops in Australia from 1941 had a substantial impact on postwar culture and society. The American alliance with Australia during the war forged close ties between the two countries, and Australia came to depend on the United States for military support as well as economic growth.

A.B. Paterson’s “Waltzing Matilda” became Australia’s best-known song—part folk hymn and part national anthem. Radio had an impact in Australia equal to that elsewhere; radio stations became a mark of urban status, and the Australian Broadcasting Commission became a major force in culture and journalism.

**Australia - The culture | Britannica**
Maybe it's because of the hardships of their ancestors, but the Australian people are firmly and vocally committed to equality and egalitarianism. Freedom of religion, expression, and lifestyle is a critical cultural element in modern day Australia. They’re also more committed than their American cousins to keeping religion out of government.
