The 737-800 featured in X-Plane-11 has been modeled by our design team with a degree of accuracy that ensures its flight characteristics are like the real aircraft. However, despite this, some differences will be apparent, because even the smallest factor plays into the ultimate behavior of the aircraft, both in real life, and in X-Plane.

### X-Plane 11

With more than 74 units delivered world wide, our enclosure has been an outstanding success and the basis of many simulators. Other cockpit/nose section kits often look like the bride of

frankenstein with weird sharp angular lines, but our ready to roll shell comes as a beautiful, smooth nose section that looks just like Boeing intended.
