The financial system. Main articles: Financial services, financial market, and Circular flow of income. As above, the financial system constitutes the flow of capital, between individuals (personal finance), governments (public finance), and businesses (corporate finance). Although they are closely related, the disciplines of economics and finance are distinct.

Finance - Wikipedia

Banking continued to be incidental to their mercantile business until 1885, when the firm obtained a national charter and became the Union National Bank of Salt Lake City. With the death of Samuel S. Walker, the brothers surrendered the national charter in 1893 and formed a partnership - Walker Brothers Bankers.

BANKING AND FINANCE

Banking law. Legislation shaped New Zealand banking and finance from the beginning. An act of Parliament was needed to establish a trading bank up until 1987, while savings banks were also regulated. Laws restricted what banks could do, with the aim of safeguarding customer money.
