And if you don't want to bother with that, why not try some free audiobooks that don't require downloading?

Html5 Up And Running Mark

HTML5: Up and Running doesn't pretend to be a comprehensive exploration of HTML5, nor is it aimed at absolute-newbie web developers. It serves as a conceptual overview of the new features in HTML5 -- just enough to get any web dev or site designer oriented on what can be done, with just enough code samples to encourage further exploration.
