Project MUSE - Red, White, and Black Make Blue

Red, White, and Black Make Blue is a fraught and compelling history of both exploitation and empowerment, revealing the legacy of a modest plant with an outsized impact. Locating indigo production in both a global economy and the history of enslavement in colonial South Carolina, this book gives us the first tangible explanation of why indigo was such an important crop.

This video introduces mixing red and white together and asks what might happen.

Mix It Up White and Red 1

Quinoa comes in various colors, but the most common are white, red, and black. I like to use a blend of all three called "rainbow quinoa." The white type is fluffy, the red has a nice nutty flavor, and the black is extra crunchy. So the rainbow blend gives you a nice combination of flavors, textures, and colors.
