[Garth Walpole] -- "This book gives a definitive history of their preservation and exhibition from the Victorian era to the present, richly illustrated with period engravings and photographs, many never before...

Relics of the Franklin Expedition: discovering artifacts ... The most stark relic for many visitors are the graves at Beechey Island. They contain the known remains of members of the Franklin Expedition. But the cultural significance, even of this seemingly barren stretch of land, extends far beyond resting place for these hapless English explorers.

Exploring the Northwest Passage in the Footsteps of a ... John Rae FRS FRGS (Inuktitut: ᖃᓴᖃ, ; 30 September 1813 – 22 July 1893) was a Scottish surgeon who explored parts of northern Canada. Rae explored the Gulf of Boothia, northwest of the Hudson Bay, from 1846 to 1847, and the Arctic coast near Victoria Island from 1848 to 1851. In 1854, back in the Gulf of Boothia, he obtained credible information from local Inuit peoples about the ...
